

What is the NSSEO Foundation?

The NSSEO Foundation, Inc. is a 501(c)(3) organization established in 1991. The purpose of the foundation is to secure and channel resources to support and promote educational programs and services and community activities for students served by the Northwest Suburban Special Education Organization (NSSEO). NSSEO is a special education cooperative that provides comprehensive educational programs for students with disabilities from eight school districts in the northwest suburbs of Chicago. Students' challenges may include cognitive disabilities, multiple disabilities, autism, hearing and visual impairments, physical/health impairments, communication disorders, sensory and/or behavioral impairments.

Why was the Foundation established?

Funding and resources to support programming for students with disabilities is limited. The Foundation was established to raise funds to augment and supplement available funding to NSSEO through established sources. Throughout the school year the Foundation sponsors a variety of fundraising events and activities including:

- Annual Spring Showcase of Arts and Crafts
- Annual Fall Family Magic Show
- Giving Tuesday
- Restaurant Fundraiser Nights
- Change for Kids Program
- Birkebeiner Cross Country Event
- Individual Donations & Corporate Matching Gifts
- Memorial Donations

With the support of our community through these events and activities, we are able to raise funds that provide a broad range of innovative and creative educational opportunities for NSSEO students both in the classroom and in the community enhancing their overall educational experience and building their future.
