

# Response to Intervention

## Tiers of Instruction

### TIER 1

- All students receive high-quality, classroom-wide instruction
- Evidence-based core curriculum
- Differentiated instruction to optimize students' learning potential
- Varied approaches and degrees of scaffolding
- Universal screenings
- Progress monitoring

### TIER 2

- “At-risk” students receive more intensive and specialized instruction
- Additional learning opportunities in both large and small group formats
- Increased emphasis on differentiated instruction
- More frequent progress monitoring

### TIER 3

- More intensive, frequent, and individualized interventions
- Small group and individual instruction as needed by a variety of professionals
- Repeated progress monitoring
- Possible referral for comprehensive evaluation by a multidisciplinary team
